Regional performance

Second quarter, 2026 · Northgate Instruments Ltd

SUMMARY

Revenue grew in three of four regions during the second quarter. Scotland returned the strongest growth following the Aberdeen service contract, while the South West declined slightly against a strong comparative period. The figures below exclude intra-group transfers and are stated before tax.

REVENUE BY REGION

Region	Revenue (GBP)	Change
North	1,204,880	+9.2%
Midlands	986,140	+4.1%
South West	742,300	-1.8%
Scotland	531,905	+12.6%
